Policies of Actual Trial.

Of course there will be the partisan assumption that all the policies of the Administration have been indorsed by the people. This will carry with it the responsibility for all these policies. Mr. Lodge, one of the most persistent supporters of the Executive on the floor of the Senate, carried out this idea in his dispatch of congratulation to Mr. McKinley a few days ago. He placed especial emphasis on the triumph of the Administration policies. Perseverance in all these things will make the second Administration of Mr. McKinley one of the most interesting in the history of the country. A radical change of policy will make it no less interesting. Carrying on the war in the Philippines on the present plan will probably mean heavier appropriations, higher taxes and the recruiting of the army on a tremendous scale. Now that the Administration has been told to "go ahead," what is it going to do about it? The war was sneered at by the friends of the Administration during the political campaign as a pestiferous guerrilla performance, and nothing more. The public mind changes rapidly, though. If the conflict turns out to be a prolonged one, and the stamp and other taxes are made higher, and the draft has to be resorted to to keep the ranks of the army full, the war is in danger of becoming unpopular, and the Administration is probably wise enough to know this.—Cincinnati Enquirer.

A Great Medicine.

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy and find it to be a great medicine," says Mr. E. S. Phipps, of Poteau, Ark. "It cured me of bloody flux, I cannot speak too highly of it." This remedy always wins the good opinion, if not praise, of those who use it. The quick cures which it effects even in the most severe cases make it a favorite everywhere. For sale by M. Cravens.

Luther Ray, aged 16, who killed Edgar Brown, aged 18, at Buckeye, Tuesday night, was captured in Jessamine county and is in Jail at Lancaster.

Paid Dear For His Leg.

B. D. Blanton, Thackerville, Tex., in two years paid over \$300.00 to doctors to cure a running sore on his leg. Then they wanted to cut it off, but he cured it with one box of Bucklen's Arnica Salve. Guaranteed cure for Piles. 25 cts. a box. Sold by T. E. Paull, druggist.

Our Colonial Policy.

In the final formulation of our colonial policy, which may now be expected at not a remote date, its possible appeal to the people of the Philippines and as may hereafter develop, to the people of Cuba, is necessarily weakened in the case of Porto Rico.

It must be confessed that the right has not prevailed as governing the action of the McKinley administration toward the Porto Rican people. As the only alien people that consented to our government it was to have been hoped that we should deal with peculiar magnanimity and fairness toward the Porto Ricans. They were glad to be Americans. They believed that the tyrannical government of Spain was to be exchanged for a just and equal government. They were promised all the privileges of American citizenship.

All that they have received has been a government which, for the sole and exclusive benefit of the Sugar Trust, and the Sugar Trust itself, has placed upon them a tariff tax burden which has still more completely impoverished them and destroyed their trade. They have been made 85-per-cent American citizens, in violation of the Constitution and of our special pledge to them at the time of the invasion of their country. There is no denying this shameful truth. It has been repeatedly asserted by eminent Republicans not afraid to speak their minds. Former President Harrison himself declares that passage of the Porto Rican tariff bill to be "a wide departure from right principles."

This record must necessarily stand against us in our dealings with the people of the Philippines, and possibly with those of Cuba. It is the fault of McKinleyism, the product of trustism. As an indication of the "colonial policy" of Mr. McKinley's second term, it is not reassuring to proud Americans solicitous for the maintenance of the national honor. Its sole promise is of benefit to the trusts, which, indeed, is the sole promise of McKinleyism in its entirety.—St. Louis Republic.

A correspondent of the Epitome gives the following directions for keeping sweet potatoes: Those who would like to keep a few sweet potatoes for winter use can do so in this way. I save the largest and those that are free from bruises. Lay them in the sun for a day. Then line a box well with paper. Lay the potatoes in carefully. Keep them in a dry place until cold weather, and then put them in a room where they will not freeze. The paper is a protection from frost. I saved mine from those I dig for use. I find they will keep if dug after frost, but I prefer those dug before the vines are touched. I have kept in this way until the first of June.

Brave Men Fall

Victims to stomach, liver and kidney troubles as well as women, and all feel the result in the loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run-down feeling. But there's no need to feel like that. J. W. Gardner, of Idaville, Ind., says: "Electric Bitters are just the thing for a man when he don't care whether he lives or dies. It gave me strength and good appetite. I can now eat anything and have a new lease on life." Only 50 cents at T. E. Paull's drug store. Every bottle guaranteed.

Mrs. Anthony Dagget died at Marion, Ind., from eating roasted coffee. She commenced about two years ago to eat a few grains every time she went to the kitchen cabinet in which the coffee was kept. The habit grew on her until she was eating a cupful of the beans every day. She stated before she died that she knew the coffee was killing her, but her appetite was so ravenous that she could not resist it. She died in great agony.

Just Saved His Life.

It was a thrilling escape that Chas. Davis, of Bowerston, O., lately had from a frightful death. For two years a severe lung trouble constantly grew worse until it seemed he must die of Consumption. Then he began to use Dr. King's New Discovery and lately wrote: "It gave instant relief and effected a permanent cure." Such wonderful cures have for 25 years, proven its power to cure all Throat, Chest and Lung troubles. Price 50c and \$1.00. Every bottle guaranteed. Trial bottles free at T. E. Paull's drug store.

Quails More Numerous.

The open season for shooting quails began in Kentucky last Thursday and will last until the end of the year. The quail crop all over the State is reported better this fall than for many seasons and the shooting of "Bob White" promises to be fine. A large number of young birds are reported, showing that the second brood hatched out well, and as there seems to be no end of partridges, there also promises to be an abundance of hunting between last Thursday and Jan. 1, 01. In this county birds are said to be abundant and local sports are preparing for the fun in store. Local hardware establishments are doing a good business in the way of fitting out hunters and several parties will be made up in this city to "tackle" the fields early Thursday morning.

There has been little to deter the growth of the young birds, but as there are no game Wardens in Western Kentucky to protect quail, pot hunters no doubt will have bagged many birds before the open season ends.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O. Sold by druggists 75c. Hall's Family Pills are the best.

Miss Mat Lucy Leeton, a Mississippi girl, has entered suit against U. S. Senator Wm. V. Sullivan, of Mississippi, for \$50,000 for breach of promise to marry. According to her story, she was a wife when she met Senator Sullivan, and the Senator secured a divorce for her. In various places in the South, she says, she passed as his wife. For awhile she attended school in Virginia as his niece, he paying the bills, and while at school, she alleges, he would frequently come from Washington to visit her from Saturdays until Mondays, always stopping at a hotel where she would go to stay with him until his return to Washington.

A Keen Clear Brain.

Your best feelings, your social position or business success depend largely on the perfect action of your stomach and liver. Dr. King's New Life Pills give increased strength, a keen, clear brain, high ambition. A 25 cent box will make you feel like a new being. Sold by T. E. Paull, druggist.

A nation which denies the principle that governments derive their just powers from the consent of the governed can give self-government to one colony and deny it to another, it can give it to colonies strong enough to exact it by force and deny it to weaker ones; but a nation which recognizes the people as the only sovereigns and regards those temporarily in authority merely as public servants is not at liberty to apply the principle to one section of the country and refuse it to another.

The tobacco warehouses are boycotting the farmers who used Paris Green on their tobacco. Some agents have been instructed not to advance any money on tobacco where Paris Green has been used. The only effectual way to put a stop to the use of this poison is for the market to condemn it. In this county Paris Green has poisoned several persons; and in some cases death has resulted from its use. We heard of one man who boasted of his having sprinkled twenty-five pounds of poison on his tobacco after it had been placed in the barn because of the great quantity of worms that still remained upon it. We think it would be better to reduce the amount of acreage and produce a better quality than to plant such a tremendous crop and rely on poison to protect it from the worms.—Owen News.

Ennis Coppel, a farmer living near Shelbyville, Ind., was trying to place a large hog in a pen when the animal attacked him, disemboweling him with its tusks. He died of his injuries.

The superstitious young girl now contemplating matrimony should cut the following lines out and pin the little slip on her pin cushion. It will then be a constant reminder concerning the auspicious gown and date:

Married in white, you have chosen all right.
Married in gray, you will go far away.
Married in black, you will wish yourself back.
Married in red you will wish yourself dead.
Married in green, ashamed to be seen.
Married in blue, he will always be true.
Married in pearl, you will live in a whirl.
Married in yellow, ashamed of your fellow.
Married in brown, you will live out of town.
Married in pink, your spirits will sink.

Some smart man who knows what he is talking about says: "The happiest people in the world are those who keep out of debt, out of politics, out of office, shun notoriety and 'society,' make an honest living by honest means, humbly serve the living God, quietly pursue the even tenor of their way, and neglect no opportunity of doing good."

The ex-Confederates of Fayette county have fallen out over politics and a movement is on foot to form a new organization to be called the Independent Confederate Veterans' Association. Those who voted for McKinley or Yerkes will be bounced.

The official returns from eleven more counties Saturday showed a net loss of two votes for Gov. Beckham, making his plurality 3,647. The official returns from the few remaining unreported counties are not likely to make any material change these figures.

Mr. Bryan has declined an offer of an editorial position on a Denver afternoon paper at a salary of \$10,000 a year. He says: "I shall remain here, and in the future, as in the past, defend with tongue and pen the principles which I believe to be right and the policies I believe to be wise."

At Pikeville election day a desperate fight occurred and seven men were wounded, as follows: Ben King, Mel Bevins and Andy Justice, Democrats, and Bud, Dave and Dick Justice, Republicans. It is thought Dick Justice will die. The fight started over a political discussion.

At Winchester, Annie Johnson, colored, aged 102 years, accidentally set fire to her clothes while lighting her pipe and was so badly burned that she died in a few hours.

In Collin county, Texas, Henry Reed a farmer, attempted to light a fire with coal oil, when a five gallon can of oil exploded, firing the building. Reed's wife and children were cremated. Reed died later from his burns.

Fire originated in a saloon where a number of Negroes were playing dice at Biloxi, Miss. destroyed 100 houses, left hundreds of people homeless and caused losses estimated at \$300,000.

The Fiscal Court of Montgomery county has offered \$100 reward for the arrest of the person or persons who stole two ballot boxes in that county.

J. G. White, aged seventy-three, and Mrs. Margaret Price, aged sixty-five, were married at Richmond last week.

C. E. White, a prominent farmer of McLean county, was killed by a saw log rolling on him.

A Village Blacksmith Saved His Little Son's Life.

Mr. H. B. Black, the well-known village blacksmith at Grahamsville, Sullivan Co., N. Y. says: "Our little son, five years old, has always been subject to croup, and so bad have the attacks been that we have feared many times that he would die. We have had the doctor and used many medicines, but Chamberlain's Cough Remedy is now our sole reliance. It seems to dissolve the tough mucus and by giving frequent doses when the croupy symptoms appear we have found that the dreaded croup is cured before it gets settled." There is no danger in giving this remedy for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale by M. Cravens.

\$197 cash presents amounting to \$25,000.00
